## Enterprise Guest Wifi

### Contract summary

This contract summary provides the main elements of this service offer as required by the EU law (<sup>1</sup>). It helps to make comparison between service offers. Complete information about the service is provided in other documents.

### Services

#### Access to internet:

With Enterprise Guest WiFi, a Corporate company can offer internet access to its visitors and employees, on the WLAN infrastructure in the company building

Enterprise Guest WiFi is a service offered on top of Proximus connectivity and WLAN devices.

2 flavours of this product exist:

- “Proximus” flavour: the End User login process is entirely defined and managed by Proximus and the access to wireless internet is granted by Proximus to the End User as from the Customer’s Sites that have subscribed to the Proximus Service flavour.
- “Private” flavour : the End User login is defined and managed by the Customer and the access to wireless internet is granted by Proximus to the End Users as from the Customer’s Sites only.

Pre-requisit:

Devices (like Access Points) and Internet connectivity are not included and are part of separate Proximus contract.
