1. Scope

This offer describes the procedure, requirements, and pricing for the Network Access to Colocation. The term Colocation used in the present document means as well the service Physical Colocation, the service LDC Colocation, Distant Colocation and the service Co-mingling described in the Annexes I to the BRUO.

The services covered by the present descriptions are provided in the frame of the regulatory framework and particularly in based on the BIPT decision requiring a separate offer for these services and that is to be applicable in the frame of the following Proximus reference Offers, i.e. BRUO, BROBA, BRIO.

Without prejudice to the above, the provisions of the General Terms and Conditions for Colocation applicable between the Parties shall apply to the Service covered by the present Service Description including, without being exhaustive, the provisions relating to Accounting and Billing, Termination for Cause, and Liability and Indemnification. Said General Terms and Conditions shall prevail on the provisions of the General Terms and Conditions applicable to the Proximus reference services which will remain applicable for the items which are not covered by the General Terms and Conditions referred to in the Colocation Agreement such as - without being exhaustive - the provisions regarding Force Majeure, Confidentiality, Amendment and Revisions, and Dispute resolution.
