## 1. Introduction

This Addendum to the BRIO concerns a Commission Delegated Regulation (EU) 2021/654 of 18/12/2020 setting single maximum Union-wide voice termination rates .

In case of appeal against the “Commission Delegated Regulation (EU) 2021/654 of 18/12/2020 supplementing Directive (EU) 2018/1972 of the European Parliament and of the Council by setting a single maximum Union-wide mobile voice termination rate and a single maximum Union-wide fixed voice termination rate” and if the delegated regulation would be suspended, modified or annulled, following an appeal or any other court procedure, or in case of withdrawal of the said delegated regulation, or if the rates were to evolve on the basis of other regulatory actions, Proximus reserves all its rights to apply again the FTRs charged by Proximus before 1/7/2021 (hereafter “old FTRs”), and reserves its rights to retroactively claim the difference between the FTRs actually applied and the old FTRs or any other rates that would be imposed following the court procedure or regulatory action.

The addendum has been submitted to the BIPT on 16/6/2021.

The sections of the BRIO, which are impacted by this Addendum are indicated in the subsequent paragraphs.
