4.1 Every Customer with safe Proximus compatible Equipment automatically shares his Equipment with the Public Wi-Fi Community Network, except in case of an opt-out in accordance with Article 3.2 of these Terms and Conditions of Proximus.

4.2 A Customer whose Equipment is part of the Public Wi-Fi Community Network shall have access to all Public Wi-Fi hotspots in Belgium.

4.3 The Customer's right to access the Public Wi-Fi Community Network is personal and cannot be transferred to third parties. The Customer is liable for any use or misuse by third-party users of the Customer's access to the Public Wi-Fi Community Network where use is made of the Customer's access rights.

4.4 The Internet traffic over the Public Wi-Fi hotspot of the Customer or any other user who uses the Customer's access rights for the Public Wi-Fi Community Network, shall be deducted from the volume of the Internet Service subscribed to by the Customer.

4.8 Each user of a Public Wi-Fi hotspot is identified by the identifier and password used to access the Public Wi-Fi Community Network. The identity of the user will be provided to the competent authorities in certain cases determined by law. Proximus cannot guarantee any definitive identification of a user who uses equipment other than Proximus Equipment, where the third party equipment used has an external radio component or an external access point which makes the shared use possible.

4.9 Notwithstanding Article 13 of the General terms and conditions for consumers and small enterprises, the Customer is not liable for the shared use of his Equipment and connectivity by a third-party Visitor, unless this third-party obtained access to the Public Wi-Fi Community Network using the Customer's access rights.
