Enterprise Voice

Contract summary

This contract summary provides the main elements of this service offer as required by the EU law (¹). It helps to make comparison between service offers. Complete information about the service is provided in other documents.

Services and equipment

Fixed Voice Telephony: Enterprise Voice

- Enterprise Voice includes access to the public telephony network, for a telephone exchange, via an available Proximus data network at the installation address and this from 2 to 120 simultaneous voice channels.
- A numbering plan must be chosen.

Traffic at standard rates according to the chosen tariff plan

Conditions :

- A telephone exchange compatible with the service.
- If the telephone exchange is not compatible with the service, a Bizz IP box is required.

Numbering plan

On Enterprise Voice, a choice must be made from the following numbering ranges

- Individual number
- Series of 10 consecutive numbers
- Sequence of 100 consecutive numbers
- Sequence of 1000 consecutive numbers
- Sequence of 10000 consecutive numbers

Other options:

- **Voice Managed Services** (Voice Continuity): management of incoming calls
- **Bizz IP Box**: an IAD that terminates the Enterprise voice service and to which the Ethernet SIP; ISDN-2 or ISDN-30 PBX can be connected.

Price

- **Monthly service fee (in €, VAT excluded):**
 - Enterprise Voice per 2 Channels: €39.70
 - Enterprise Voice per 30 channels: €313.00
- **Rates for consumption not included in the subscription:**

(¹) Article 102 (3), of Directive (UE) 2018/1972 of the European Parliament and of the Council of 11 December 2018 establishing the European Electronic Communications Code (OJ L 321, 17.12.2018, p.36)

By default, traffic costs are charged per minute as mentioned on the Proximus website:
Standard rates [Standard rate](#)

Different rate plans are available depending on calling behavior.
